

SALTED CHOCOLATE MILK

Food Network Magazine, May 2011

The Cooks Next Door

1/2 cup sugar
1/3 cup unsweetened cocoa powder
1/2 teaspoon vanilla extract
6 cups cold milk
Kosher salt

Make the chocolate syrup: Combine the sugar and 1/3 cup water in a small saucepan. Bring to a simmer over medium heat, then whisk in the cocoa powder until smooth. Remove from the heat and stir in the vanilla. Let cool completely.

Spoon about 2 1/2 tablespoons of the chocolate syrup into each glass. Add 1 1/2 cups milk and a generous pinch of salt. Stir until the syrup and salt dissolve.
